## Braefoot at Harrop Crosswalk Improvements

Planning Update - October 2020

### What's happening?

As part of the Districts Active and Safe Routes to school program Braefoot at Harrop was identified as needing pedestrian improvements at the crossing. The need for this improvement is also identified and supported within the Districts Active Transportation Plan. The project includes wheel chair accessible curb drops at the existing crosswalk, a raised intersection, and pavement markings and signage.

### Why are we doing this?

This route is in close proximity and used by students attending Braefoot Elementary School and park users accessing Braefoot Park.

The current crosswalk is not accessible for all ages and abilities and does not have a curb drop and presents a challenge for persons of limited mobility or someone pushing a stroller.

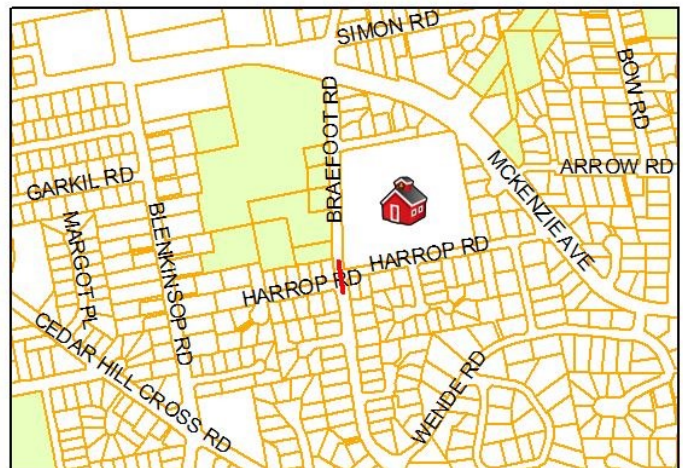

### Construction Impacts

Delays may occur in this area during construction. Construction will occur Monday-Friday during business hours. Property owners who will be directly impacted by this project will be notified to expect delays while construction happens. Throughout construction, garbage and recycling services will continue.

### Project Timeline

We are currently in the detailed design phase of the project, with construction anticipated to begin in late 2020. For updates on this project, please visit [www.saanich.ca/currentprojects](http://www.saanich.ca/currentprojects).
