Provincial Housing Targets

Provincial housing targets for Saanich 2023–2028

4,610 net new units total

440 units	year one
601 units	year two
841 units	year three
1,163 units	year four
1,565 units	year five

1,365
net new units
were completed
in Saanich
between
2018–2022.

Provincial Guidelines

Provincial housing guidelines for Saanich

4,610 net new units over five years

Types of units

3,001 Studio/1-bedroom

780 2-bedroom

828 3-bedroom

1,161 units 
below market rate

 **2,495**
Rental units

131 Supportive housing units 

Other Homes for People initiatives

- Short-term rental legislation
- Infill legislation expected very soon
- More Provincial direction / tools to follow

Meeting Demand

- 1,365 net new units 2018-2022
= 45% of the HNR target (3,000) for that period
- Household headship rates are dropping¹
- 1,815 households not suitably housed¹
- Low rental vacancy rate: 1.6%²
- High job vacancies
- 1,665+ unhoused individuals in Greater Victoria³

1 Census 2021

2 CMHC Annual Rental Survey, January 2023

3 Point in Time Count, March 2023

Housing Strategy Focus Areas

1. Increase affordable and supportive housing

2. Promote and protect rental housing

3. Support housing diversity and increase supply

4. Reduce barriers to housing development

5. Strengthen partnerships

6. Enhance community engagement

7. Understand housing demand and address land speculation

Update on Housing Strategy

- Significant progress on Top 12 and Phase 1 initiatives
- Housing Accelerator Fund funding would help spur actions
- Key Housing Strategy initiatives in progress:
 - Neighbourhood Homes Study
 - Rapid Deployment for Non-Market Housing
 - Updating Housing Needs Report
 - Affordable Housing Reserve Fund

Strategic OCP Update

What is an OCP?

- Primary document that guides growth and change
- Long-term vision for a livable community based on shared values and sustainability
- Overarching framework for other District polices/plans
- Legally binding – decisions made within its scope are required to conform to its policy direction
- Consistent with CRD Regional Growth Strategy

Why a “Strategic” Update

- Majority of plan content still relevant
- Build on recent processes and adopted policy/Council direction
- Effective use of limited resources
- Make priority updates in a short time frame

Project Scope – Administrative

- Update OCP to incorporate recent Council work and District-wide processes
- Integrate new demographic data/relevant statistics
- Refine sustainability framework
- Strengthen monitoring/implementation

Project Scope – New Areas

- Add “Corridor” policies and designation
- Expand on “missing middle” housing/infill policies
- Update guidance on parks for complete communities
- Further enhance walkable neighbourhoods
- Provide more clarity on maps

Project Phases

PHASE 1
Analysis & Policy
Development

Complete

PHASE 2
Validation &
Refinement

February –
August 2023

PHASE 3
Plan Adoption

Fall / Winter
2023

Engagement Overview

- Approach reflects limited scope
- Phase 1 – new policy
 - May to September 2022
 - Survey, stakeholder workshops, advisory committees, internal meetings, awareness
- Phase 2 – draft plan
 - May to July 2023
 - Mix of online and in-person opportunities
- Phase 3 – Council process

Complementary Initiatives

- Centre, Corridor and Village Plans
- Community Amenity Contribution and Inclusionary Housing Program
- Update of Design Guidelines
- Neighbourhood Homes Study
- Resilient Saanich / Biodiversity Conservation Strategy and Urban Forest Strategy
- Active Transportation Plan
- Economic Development Strategy

Draft Plan Framing & Foundations

Sustainable Saanich
OFFICIAL COMMUNITY PLAN
DRAFT
May 2023

Related Plans & Strategies

- Parks, Recreation and Culture Master Plan
- Action Transportation Plan
- Recreation Market Analysis Study

11.0 Parks, Trails, and Open Space

Objectives

A. Provide residents with a range of safe parks, trails, open spaces, and recreational opportunities to support active living, health, well-being and community cohesion.

B. Work towards equitable and walkable access to parks and open spaces for all urban residents.

C. Protect, restore and enhance natural areas, ecological function and biological diversity.

play, socialize, relax, be healthy, and learn about and appreciate nature. They also provide wildlife habitat, and support biodiversity and ecosystem services. Multi-purpose trails support healthy living by providing transportation connections as well as recreational opportunities. Together these spaces and trail connections are an important component of the District's response to climate change supporting both mitigation and adaptation strategies.

Saanich is fortunate to have a broad range of parks, open spaces, and trails. This includes over 170 municipal, community and neighbourhood parks, supplemented by the regional park network, and

Reframing from 3-pillar structure to functional areas

More graphics to explain concepts and section objectives to guide policy

Plan Vision

- No Change in Vision
- Values are also not changing but are no longer explicitly included in the document > incorporated into Section Objectives and framing

Sustainability Foundations

Three Pillars

Complementary frameworks guiding our policy direction

One Planet Living

15-Minute Community

Climate Change Response

- Incorporated as a Plan foundation
- Recognizes to achieve targets and implement adaptation strategies the response needs to take an overarching District-wide approach
- Applicable policies also woven through the different sections

Climate

100% Renewable
& Resilient S

Land Use Policy Highlights

Strategic OCP Update

Restructured Land Use Section

- 2008 > Centres + Villages
- Move to Primary Growth Areas
 - Corridors to connect areas
 - Integrate with transit
 - Clarify boundaries at the parcel-level
- Strengthen policy to increase options in Neighbourhoods
- Added “Hubs” to support 15-minute community concept

Four Strategic Land Use Directions

Maintain the Urban Containment Boundary

Accommodate most New Development in Primary Growth Areas

Expand Housing Diversity in Neighbourhoods

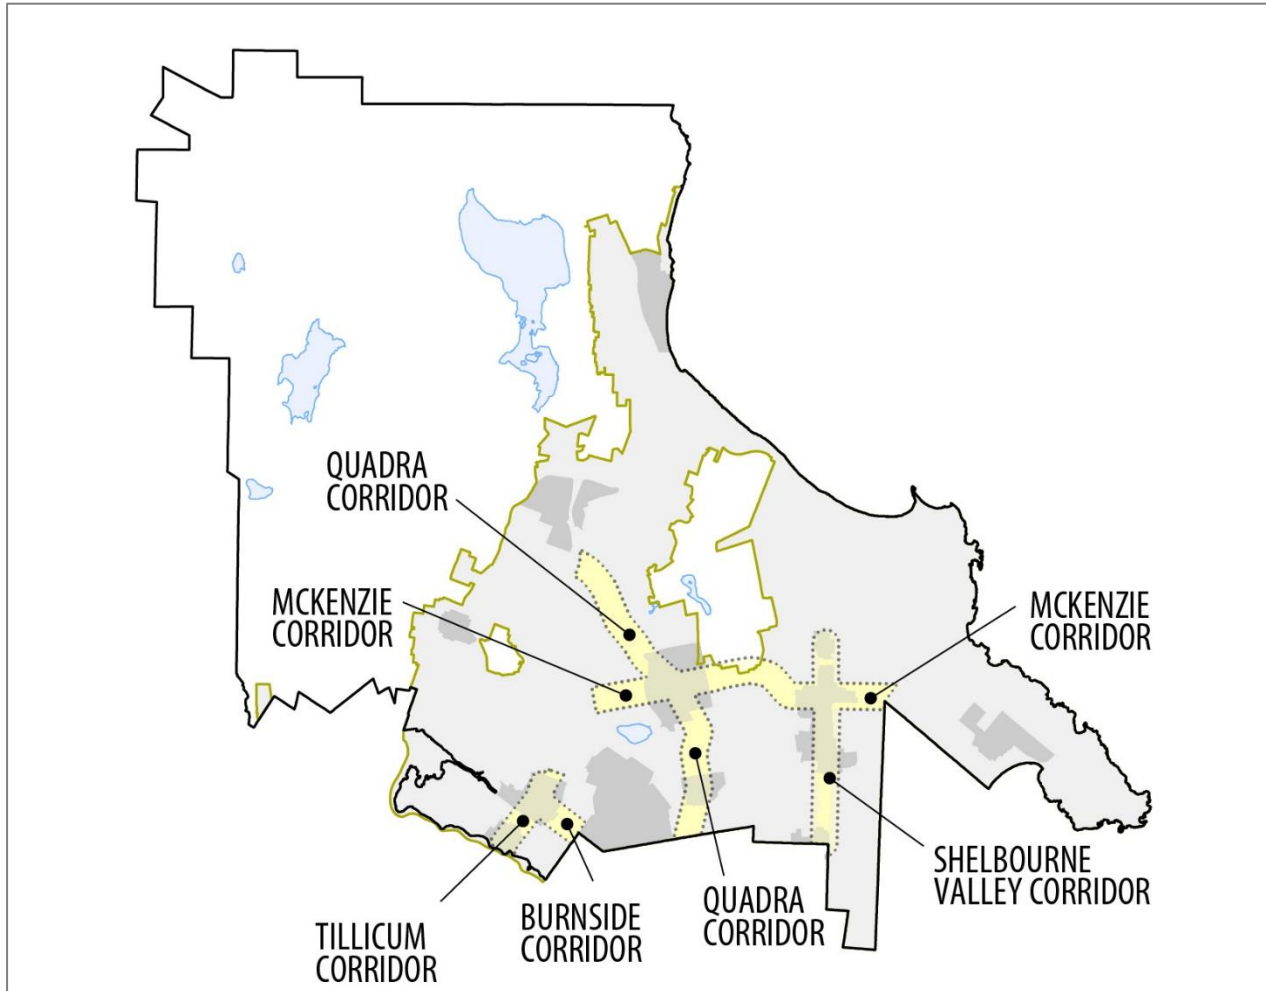

Make Saanich a 15-minute Community

1. Maintain the Urban Containment Boundary

- Retain agricultural land and natural areas
- Reduce urban sprawl
- Support low/no carbon transportation modes
- Encourage efficient use of infrastructure and public investment.

2. Primary Growth Areas - Overview of Corridors

- Residential oriented, supported by limited mixed use
- Linked with sustainable transportation forms
- Primary Corridors mapped conceptually in OCP
- Secondary Corridors to be identified in area planning
- Higher heights considered where Primary Corridors overlap with Centres and Villages

3. Expand Housing Diversity in Neighbourhoods

- Support a broader range of housing choices in Neighbourhoods through infill to better meet community needs
- Provide housing opportunities for all stages of life
- Include a mix of ground-oriented and low-rise houseplexes, apartments, and townhouses offering different tenure types and affordability levels

4. Make Saanich a 15-Minute Community

- Evolving “Complete Communities”
- Build on the existing network of Centres and Villages to make Saanich a walkable 15-minute community
- All households within the UCB are within a 15-minute (or 1.2km) walk of key amenities to support daily living
- Long-term planning will guide land use changes where gaps exist to better meet community needs

Other Plan Components

Strategic OCP Update

Housing Section

- Major re-write
- All components in one place
- Strong language re: housing gap
- Five focus areas
 - Overall housing supply to meet housing needs
 - Rental housing supply
 - Affordable and supportive housing supply
 - Expand the diversity of housing choice
 - Strengthen partnerships to improve housing strategies and outcome

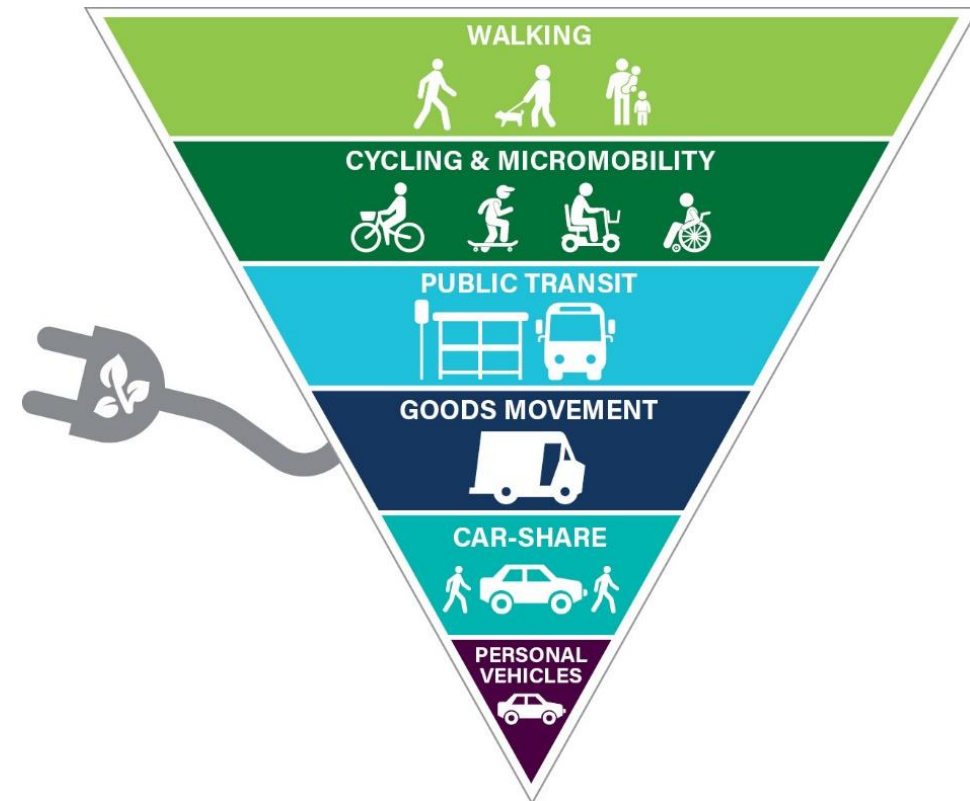

Walkable Access to Parks

- Different parks and open spaces needs:
 - Urban and Rural Saanich have different needs
 - Higher density areas with limited/no private space
- Hierarchy of walkable public open spaces/parks
 - 3-30-300 guiding principle
 - Urban plazas and small urban parks will help meet *some* of the needs of residents in high growth areas
 - But... still need easy access to larger green spaces
- Walkable access reinforced:
 - Active transportation network
 - Bus service/transit stop location

Sustainable Transportation

- Plan reinforces sustainable transportation modes to achieve Climate Plan/ATP targets
- Integrating land use with transportation
- Prioritizing walking, cycling, and public transit infrastructure as well as goods movement
- Supporting multi-modal connections

First Nations

- Territorial acknowledgement
- Revised history section
- First Nations reconciliation
- Indigenous Relations section
- Policies woven throughout document
- Consultation planned for Spring

Next Steps

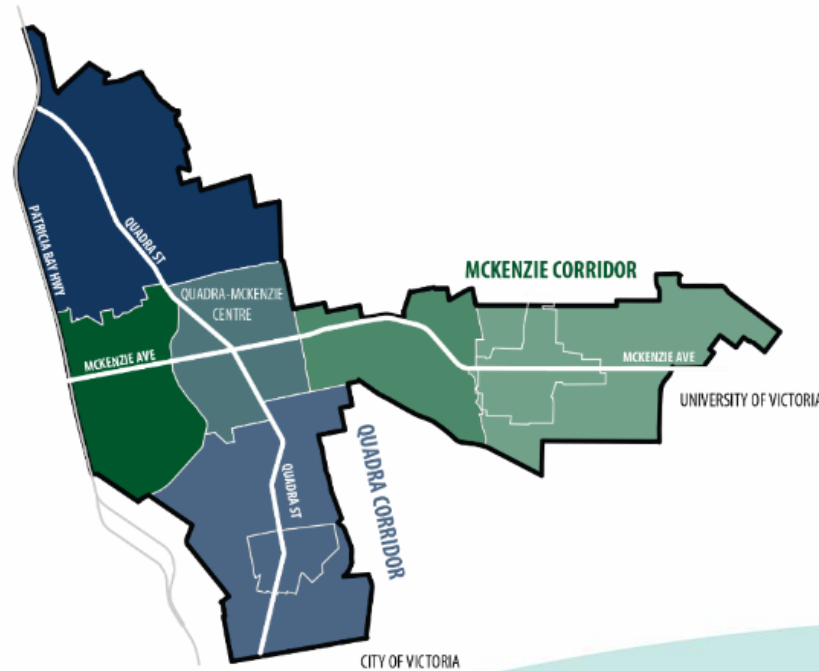

- Formal public engagement on the Draft Plan concluded in July
- Proposed OCP Presented to Council
- Formal Adoption Process, including public hearing

- 5 Year Evaluation Cycle

Centres
Corridors
& Villages

Quadra McKenzie Study

Project Overview

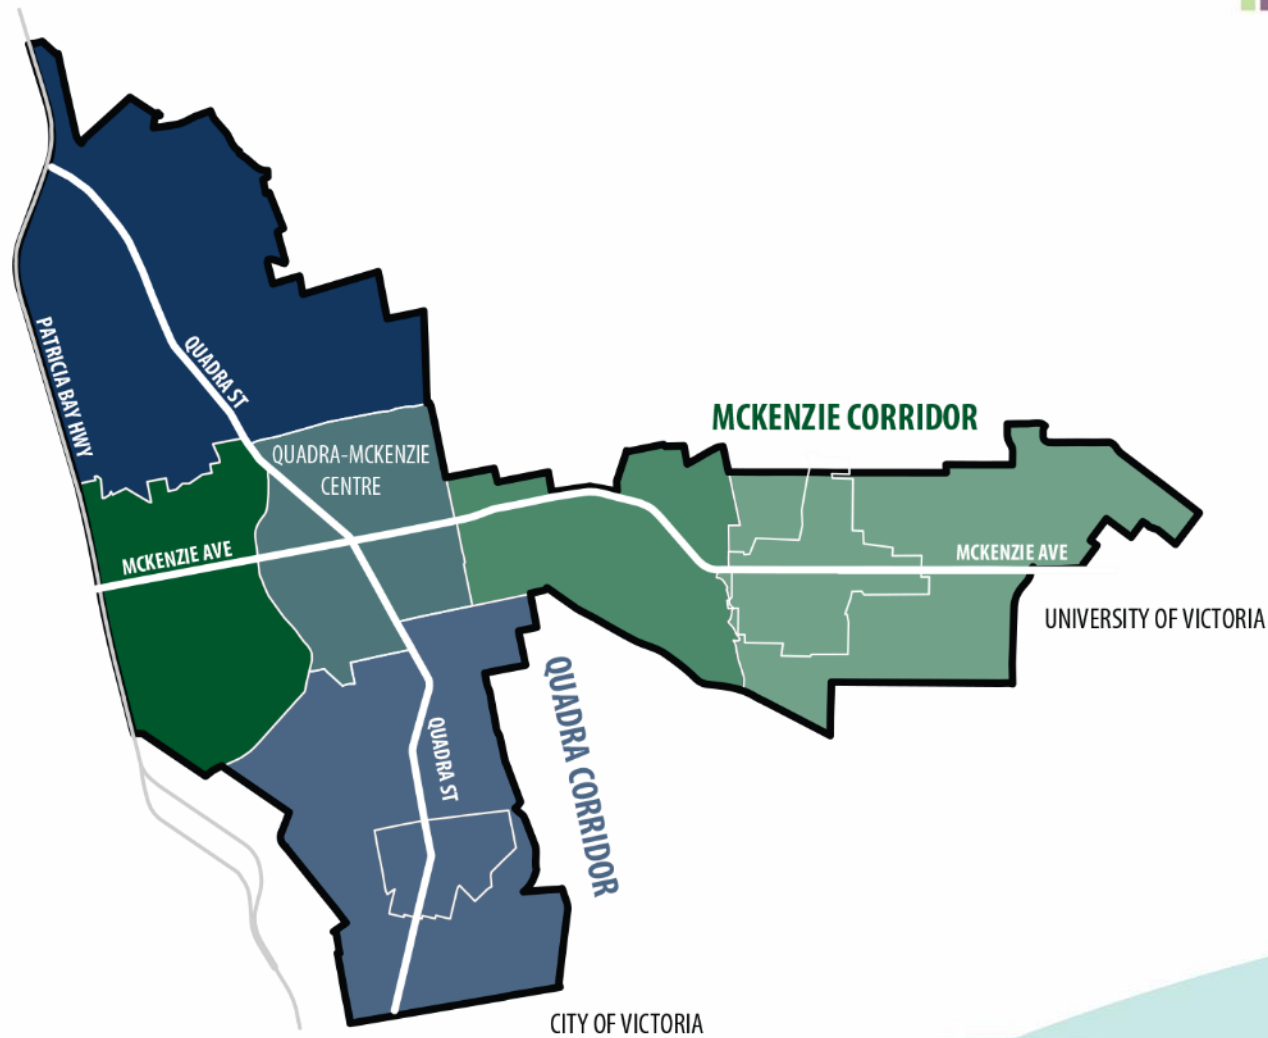

- Developing plan to guide change over next 25 years
- Primarily focused on land use and transportation
- Focused on Centre, Corridor and Village areas:
 - McKenzie Corridor
 - Quadra Corridor
 - Quadra McKenzie Centre
 - Four Corners Village
 - Additional Centres and Villages?

Study Area

Centres
Corridors
& Villages

**Quadra
McKenzie
Study**

Project Goals

Land Use

Implement the Centre, Corridor and Village growth management framework to build compact, liveable, accessible, and sustainable and climate resilient communities with places to live, work, come together, and move around

Transportation & Mobility

Re-design McKenzie Avenue and Quadra Street as complete streets and prioritize improvements to active transportation and transit networks to support car light living, create more vibrant public spaces and improve accessibility

Project Goals

Housing Diversity, Affordability and Supply

Focus the vast majority of new housing growth within the Quadra McKenzie Centre and Four Corners Village, and on the Quadra and McKenzie Corridors, where a variety of housing forms and tenures can be delivered in locations with convenient access to transit, active transportation, amenities and local servicing shops

Public Realm & Open Space

Support community liveability through providing a walkable network of parks and open spaces and strengthening public realm areas to support the gathering and movement of people, with a focus on enhancements on McKenzie Avenue, Quadra Street and within community nodes

Project Timeline

Project Overview

- Plan Development Phase
- Key activity is community workshops:
 - November 25 McKenzie Corridor Land Use
 - December 2 Quadra Corridor Land Use
 - January 20 Transportation, including Quadra and McKenzie Corridor Design Concepts
 - January 27 Land Use Follow-up
- Draft Plan targeted for end of Q2 2024
- Final Plan targeted for Q4 2024

Project Context

- Housing Needs – supply, diversity, affordability
- Housing Targets – 4,600 units in next 5 years
- Planned transit investments
- Major planned redevelopments, including Saanich Operations Centre and UVIC-owned Ian Stewart Complex
- New OCP policy directions
- Conflicting policy objectives

Housing Context

- Goal to accommodate majority of new growth in Primary Growth Areas
- ~40% of Primary Growth Areas are within QMS
- Explore accommodating about 1/3 of new growth in QMS
- Goal is to add units while making community more equitable, livable and walkable

OCP Context

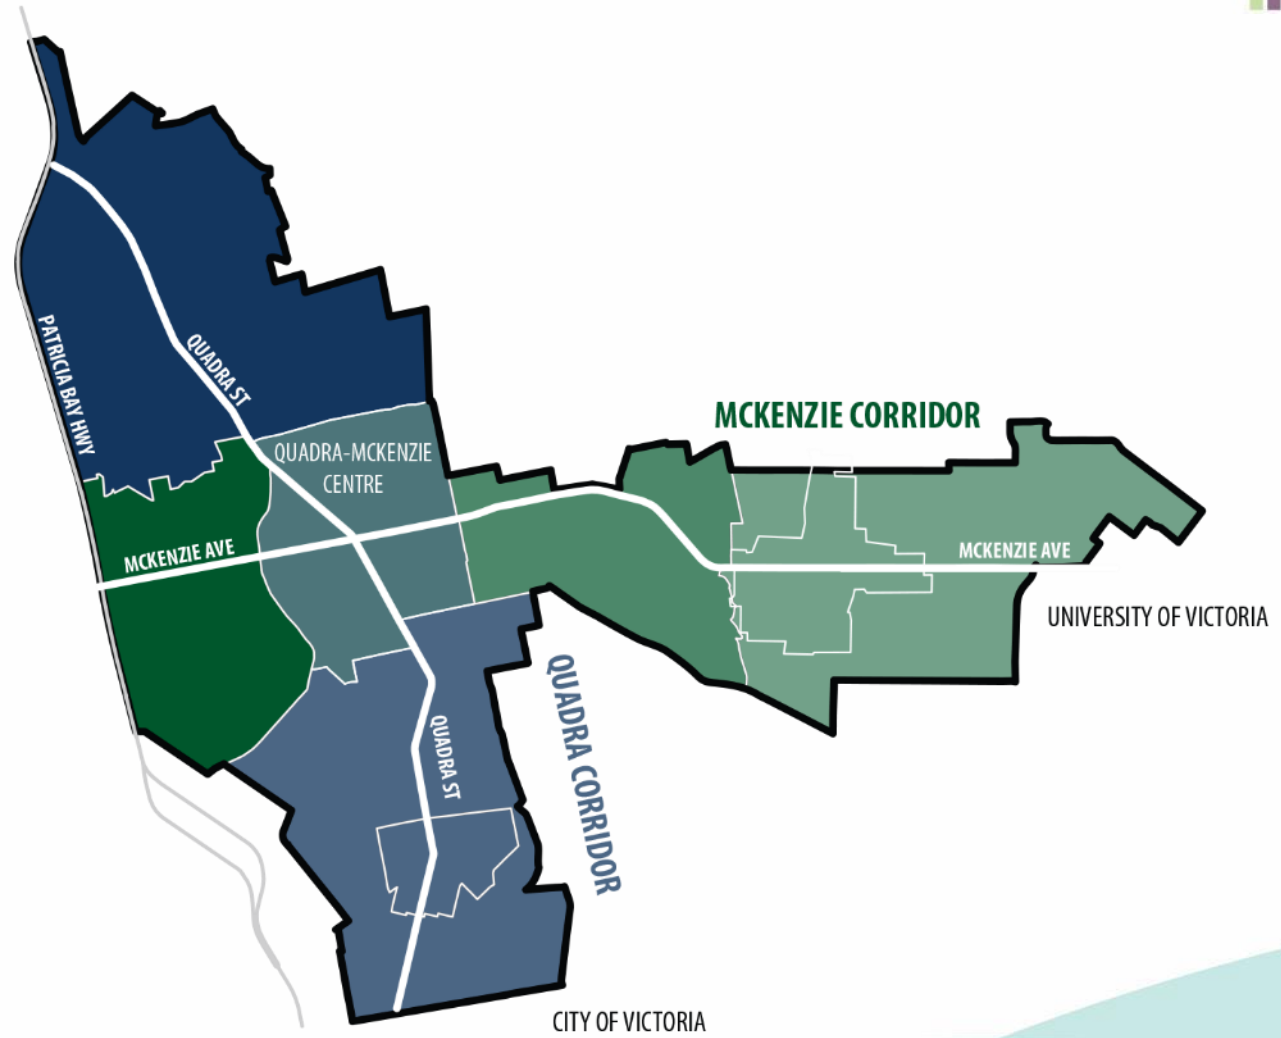

- OCP defines Centres, Corridors and Villages and provide high level guidance for future land use
- Quadra McKenzie Study will refine extents of CCV areas and provide parcel-based designations that identify use, height and density
- Neighbourhood Homes project will provide direction for areas outside CCV boundaries (but inside UCB)

CITY OF VICTORIA

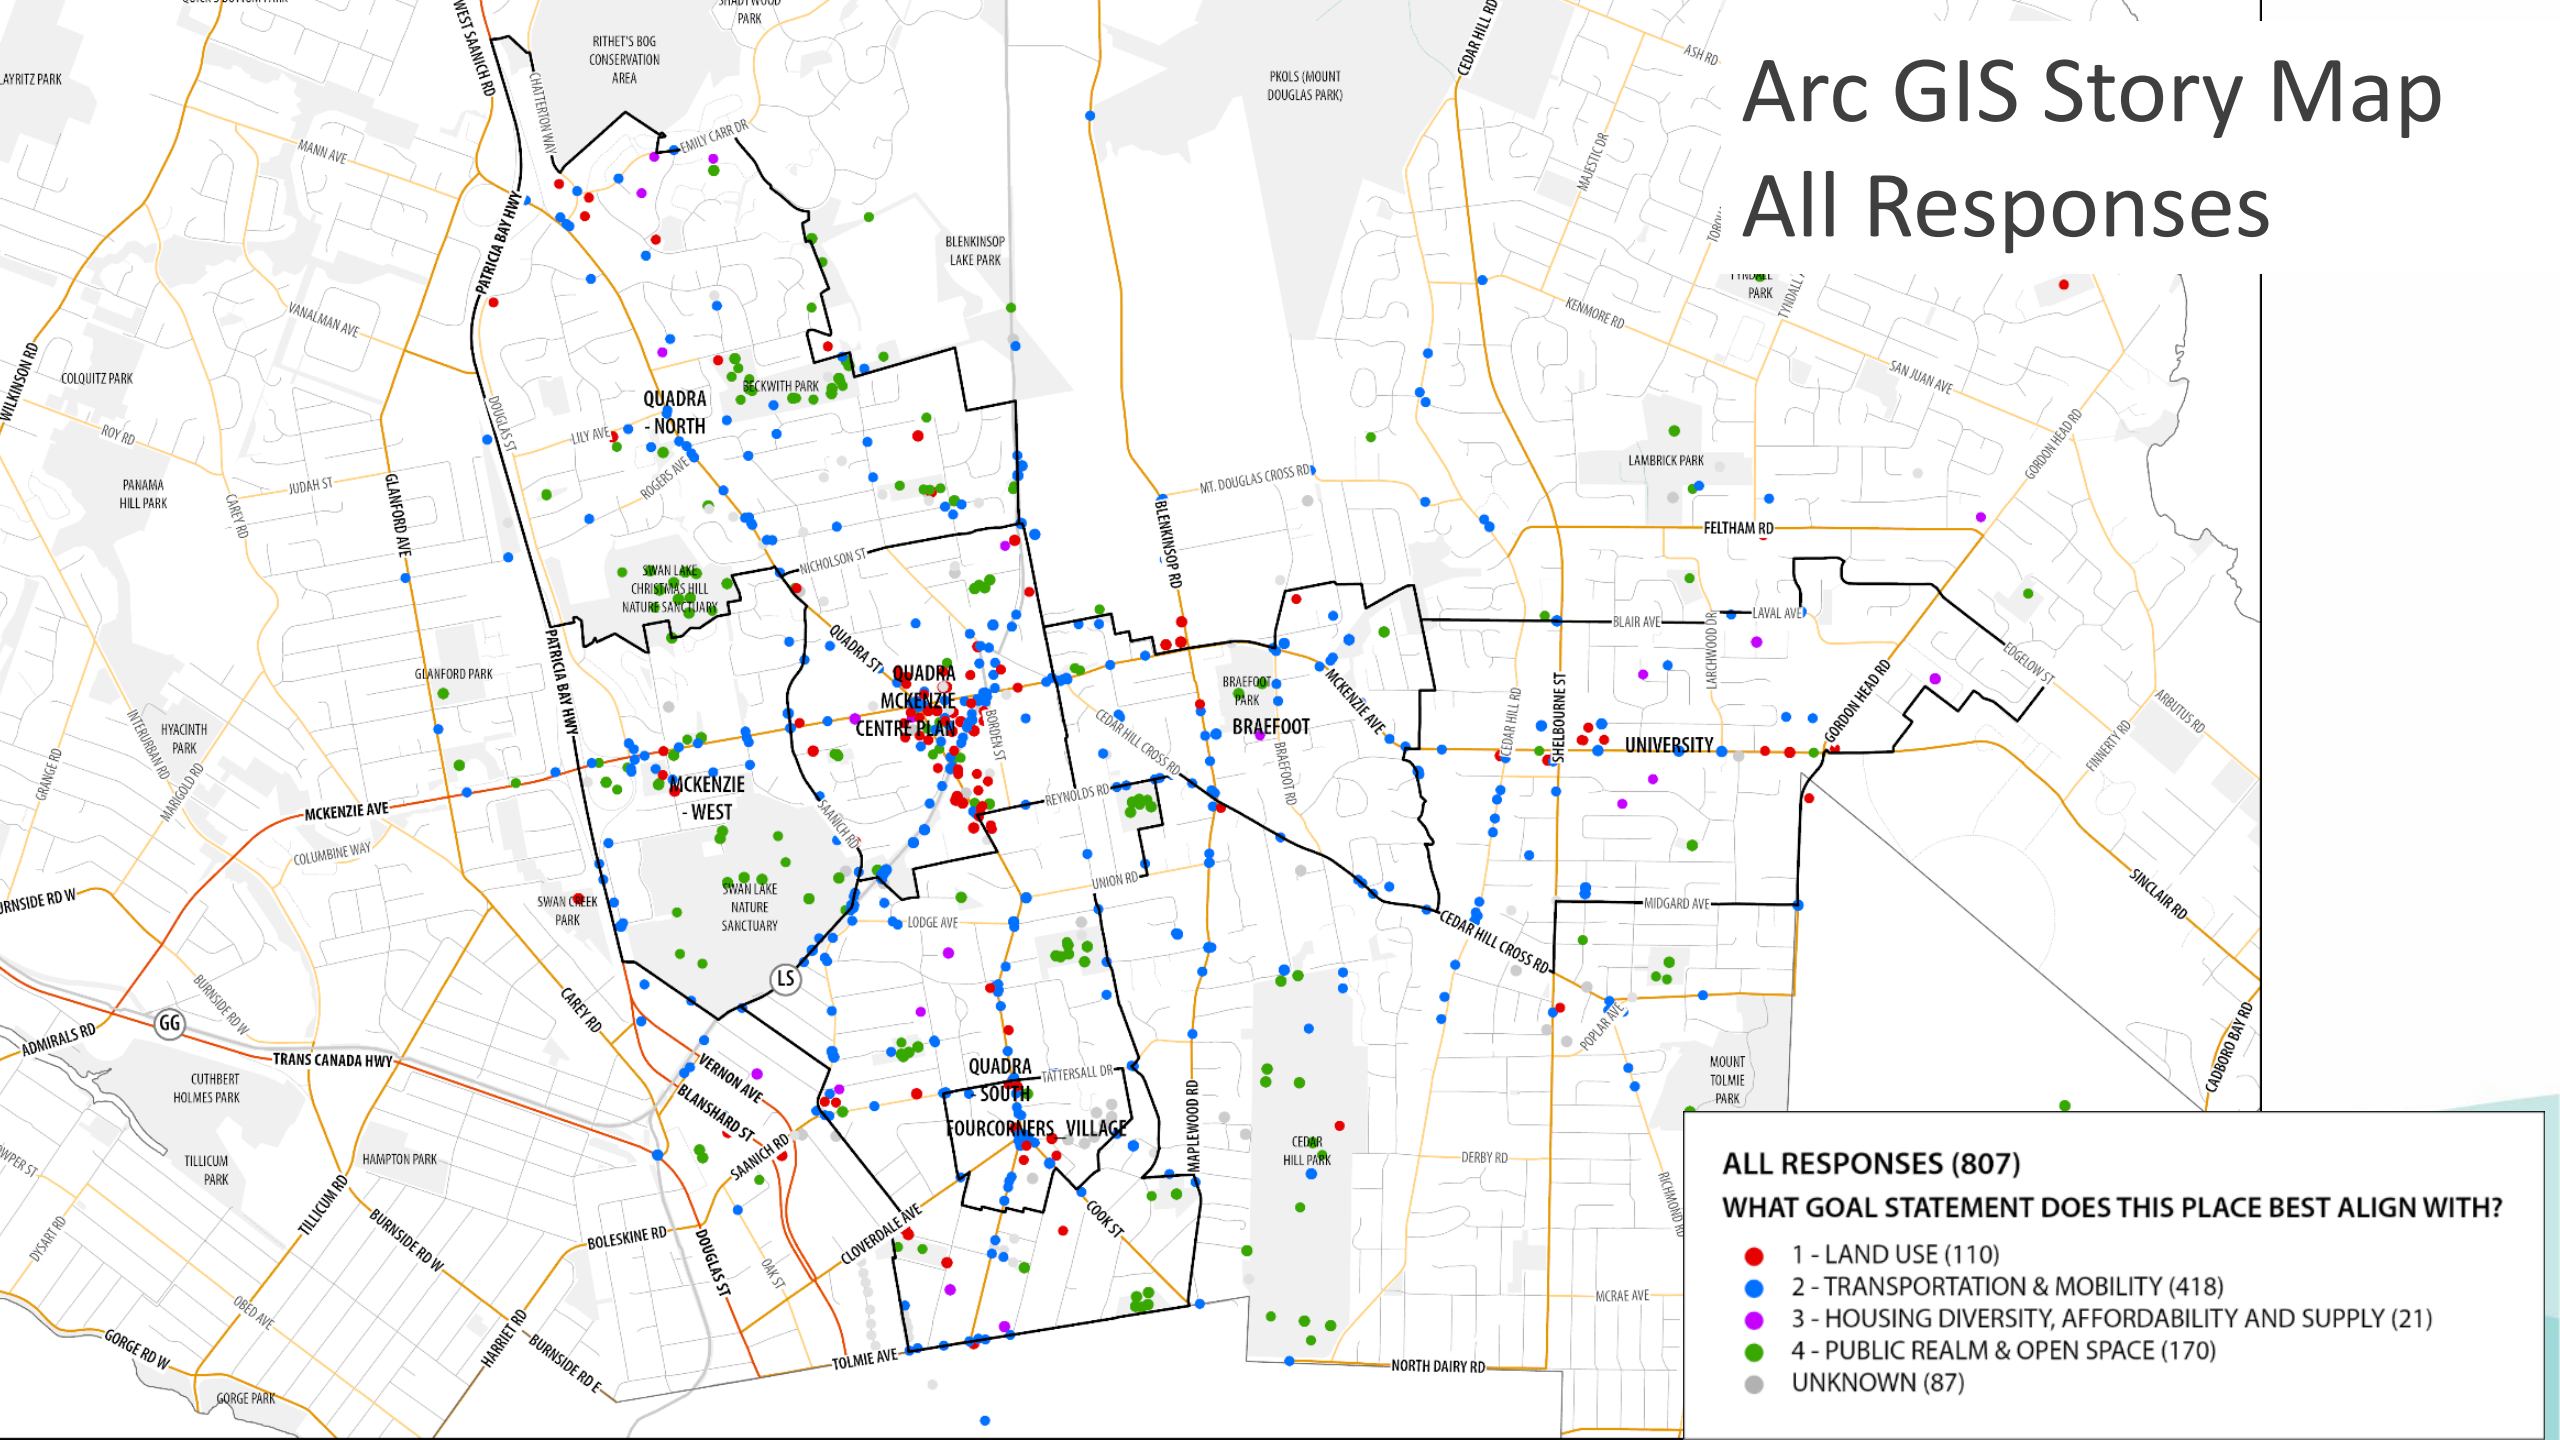

Initial Public Engagement

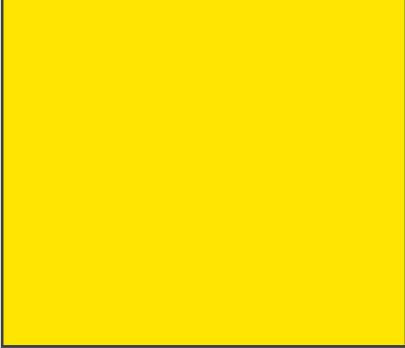

- Pop up events throughout the summer
- Community Survey – 953 respondents
- Arc GIS Story Map for public input on specific spatial issues / ideas
- Stakeholder letters and meetings

Arc GIS Story Map

All Responses

Building Forms

	<p>Townhouses (3 storeys includes row and stacked forms)</p>		
	<p>Low-Rise (up to 4-storeys)</p>		
	<p>Mid-Rise (5-11 storeys)</p>		
	<p>High-Rise (12+ storeys)</p>		

Corridor Characteristics

McKenzie Ave

- Primary East-West Corridor in Saanich
- Future Rapid-bus Corridor
- Direct access to UVIC from highway system and regional trails

Quadra Street

- Parallels Highway 17
- Frequent Transit Service
- Connects three Centres and Villages

Next Steps

1. Public workshops – November 25, 2023 to January 27, 2024 at Reynolds Secondary School Gym
2. Additional stakeholder consultation as needed
3. Test, analyze and build out preferred directions
4. Target Draft Plan for Q2 2024
